To Magda Knefel and Ewa Krol Sawicka – Konkret PR

I am writing on behalf of the whole EuroGenGuide team to thank for your help of the project launch at Novotel Centrum Warsaw last Friday, November 27th.

I speak for everybody involved in the project when I say that we believe the day was a great success in bringing this exciting initiative to the attention of the wider European public, and that Warsaw was the perfect location within the continent for doing so.

Your support of the EuroGenGuide launch helped to raise awareness of genetic health and treatment, and the options available to all those affected by genetic disease throughout Europe.

Yours Sincerely,

Alastair Kent - Director, Genetic Interest Group
